Summary

Ambitious 3rd-year B.Tech student in Artificial Intelligence and Data Science at Mepco Schlenk Engineering College. Possesses a strong academic foundation (8.3 CGPA) with practical knowledge in machine learning algorithms, data analysis, and web.

Education

Degree: B.Tech AIDS	Marks/CGPA: 8.3
Institution/University: Mepco Schlenk Engineering College	Year of Passing: 2028
12th or Equivalent: 12th	Marks/CGPA: 83.8
College/Board: State Board , Don Bosco Matric School	Year of Passing: 2024
10th: SSLC	Marks/CGPA: 84.8
School/Board: State Board , AVMS	Year of Passing: 2022

Skills

Technical Skills: Programming Languages: Python, Java, C, C++, SQL.Core Concepts: Data Structures, Algorithms, Object-Oriented Programming (OOPS), Database Management Systems.

Soft Skills: Core Competencies: Problem-solving, Analytical Thinking, Team Collaboration, Time Management, Adaptability, Effective Communication.

Tools: Libraries & Frameworks: Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn.Developer Tools: Git, GitHub, VS Code, Jupyter Notebook, Google Colab.Databases: MySQL,

Project

Project Title	Tools/Tech	Details
Smart Food Rescue Network (Java Mini Project)	1 Java Swing (GUI) 2 Threads (Background Collections, Dummy payment	The Smart Food Rescue Network is a system designed to reduce food waste and help redistribute excess food to people in need. It connects food donors such as restaurants with receivers like NGOs using a smart matching mechanism. This project demonstrates how technology can be used to solve real-world
Project Title	Tools/Tech	Details
Smart Online Voting Registration System	Programming Language: PythonDatabase Management System: MySQLDatabase	The Smart Online Voting Registration System is a secure web-based application designed to digitalize and streamline the voter registration and verification process. Developed using Python for backend logic and MySQL for robust database storage, the system ensures data accuracy, eliminates error.

Internship/Work Experience

Organisation: Ucanly InfoTech	Duration: 2 months
Role: Full Stack Web Development Full Stack Development – Edge	
Key Responsibilities/Achievements	
- Built responsive full-stack web applications with advanced AI integrations. - Designed clean UIUX components to improve navigation flow and user engagement.	

Certifications

Certification/Course Name: Completed Java Certification via IIT Bombay	Date of Issue: 23-04-2026
Certification/Course Name: Certified in Human-Computer Interfaces in IIT.	Date of Issue: 21-10-2025

Hobbies/Interests

-  Problem Solving
-  Application Development
-  Graphic Designing

Languages

-  Tamil
-  English
-  Hindi
